WHEREAS heretofore on the 9th day of DECEMBER, 1997, the undersigned Hampton Community, Inc., an Alabama Corporation as Declarant, did promulgate and file for record Declaration of Protective Covenants for Hampton Cove, a planned residential community, which said Declaration of Protective Covenants are recorded in Deed Book 789, page 182, Office of the Judge of Probate of Madison County, Alabama.

WHEREAS, Article X, Section 1 of said declaration of Protective Covenants of Hampton Cove provides that the Declarant may subject additional parcels of real property described in Exhibit "C" of said Declaration and may promulgate Special Parcel Use Restrictions for such additional parcels of real property platted within Hampton Cove by the filing of such use restrictions in the Office of the Judge of Probate of Madison County, Alabama as provided for in Article VI, Section 29 of said Declaration of Protective Covenants.

NOW THEREFORE, pursuant to the provisions of said Article X, Section 1 and Article VI, Section 29 of the Declaration of Protective Covenants of Hampton Cove as the same are recorded in the Office of the Judge or Probate of Madison County, Alabama, the undersigned, Hampton Community, Inc., an Alabama Corporation does, by these presents add Parcel Number 74, ARBOR WOODS FIRST ADDITION and does make and promulgate the following use restrictions pertaining to the use and enjoyment of all the lots of ARBOR WOODS FIRST ADDITION according to the plat of said subdivision shown of record in the Office of the Judge of Probate of Madison County, Alabama in Plat Book 35, page 94. The use restrictions described in this instrument are to be in conjunction with the use restrictions as described in said Declaration of Protective Covenants of Hampton Cove, but not in derogation thereof.

1. All dwellings and permitted accessory buildings constructed on the lots of said subdivision shall have an exterior of at least 50% (with not less than 25% brick or stone on any one side of building) masonry brick or stone construction, including gable ends. The purpose of this provision is to restrict construction that has only siding on any given side thereby creating additional architectural interest.

2. All dwellings shall have side or rear entry garages.

3. Roofs of dwellings constructed on all of said lots shall be of regular or architectural grade shingles.

4. Dwellings constructed on the lots of said subdivision shall have at least 2,400 square feet

of heated area.

5. All chimneys that are on the exterior wall must have brick or stone on the three exterior sides of the chimney. All interior chimneys may have a siding or stucco product on all four sides of the chimney.

6. No fence or fencing type barrier of any kind shall be placed, erected, allowed, or maintained upon any portion of the community, including any residence, without the prior written consent of the Board or its designee. Fence will be compatible with the home and have architectural interest. No fence will be higher than 6 feet from the final ground level to the top of the fence. The exterior side of the fence has to be finished, specifically the structural characteristics must be covered. Within the construction of the fence there must be some brick or stone masonry, and stone or brick is required at the corner posts. Additional posts are required if the fencing is longer than 75 feet in length on any given side or on the rear. Roughsawn board of any kind will be used in the fence. All wood will be painted or opaque stained and maintained in a satisfactory manner. No chain link fence will be allowed within the subdivision. Fences, regardless of construction, will not be permitted any nearer to front lot line than the rear most corner of the dwelling.

ADD 7. On all corner lots, homes must be facing at an approximately 45° angle from the respective corner. Any variations must be approved by the architectural control committee.

8. Landscape requirements:

(a) All planting beds shall be mulched with bark, using edging materials such as brick, steel, stacked stone or hi-grade vinyl.

(b) The front yard of each lot shall be planted with four large trees (d, i, ii, iii) and three small trees (d, iv, v), to include no more than one evergreen. Shrubbery required in the front yard shall be a minimum of 12 shrubs, with all foundation plantings to be at least 90% evergreen and 3 gallon in size (36" in height of B & B) and must be spaced no further than 3 feet apart.

(c) The rear yard shall be planted with two large trees (d, i, ii, iii) and one small tree (d, iv, v).

(d) All proposed trees shall conform to the minimum size standard listed below, based on American Standards for Nursery stock, ANSI 260.1, published by the American Association of Nurserymen and approved by the American National Standards Institute, as follows:

Suggested Large Trees

(i) Type 1, Shade trees, 2.5" caliper, 12' height range - Sugar Maple, Red Maple, Tulip Poplar, Sycamore, Red Oak, White oak, and Willow Oak.

(e) If existing trees meet requirements of this covenant in all respects, required trees of the covenant may be omitted. Each existing tree meeting requirements may count, at the option of the owner, for one (1) of the trees in its required class, provided it:

(i) Is not one of the following species: Boxelder, silver maple, catalpa, cottonwood, camphor, mimosa, chinaberry, princess tree, or siberian elm.
